# Procurement products and services for diverse maritime needs

## Products

### Procure-to-Pay Platform (SaaS)

Automated purchase requests, approvals, invoicing, and payments to boost operational efficiency.

### Integrated Marketplace

Connects buyers and suppliers for real-time procurement, competitive pricing, and faster fulfilment.

## Services

### Procurement Services (PaaS)

**Procure-to-Pay:** End-to-end procurement service with digital tools, expert sourcing, supplier and contract management.

**Category Management:** Manage spending effectively with focused, category-specific sourcing approaches.

**Category Procurement:** Drive efficiency and cost savings with strategic bulk procurement.

### Spare Parts Catalogue Management

Standardize and centralize spare parts data across platforms, enabling real-time insights.

### Procurement Consulting

Expert guidance to optimize your procurement strategy, processes, performance and digital transformation.
